Insulin Access at CPCO

Patient has both health and prescription insurance.
- Can bill for insulin covered by patient’s insurance. May put up to $20 per Rx per month on account if patient is unable to pay full co-pay at time of dispensing.

Patient has health insurance but no prescription insurance, including Medicare A & B patients without Part D.
- Household GROSS income is at or below 200% FPL *
  - CPCO can provide Humulin (N, R, and 70/30) VIALS and Humalog U-100 VIALS to patients consistently.
- Household GROSS income is over 200% FPL *
  - CPCO can provide Humulin (N, R, and 70/30) VIALS, Humalog U-100 VIALS, Humalog PENS (U-100 and 75/25), and Basaglar PENS to patients consistently.

Patient has no health or prescription insurance at all.
- Household GROSS income is at or below 200% FPL *
  - We will try to fill donated insulin as able (supply is highly variable and not reliable)
- Household GROSS income is over 200% FPL *
  - We will try to fill donated insulin as able (supply is highly variable and not reliable)

*The Charitable Pharmacy of Central Ohio requires a NET household income (after taxes and insurance premiums) at or below 200% FPL to qualify as a patient. Gross income (before taxes and insurance premiums) at or below 200% FPL is only required for these additional programs.

Recommend Relion brand Novolin products at Walmart for $25/ vial or $42.88/ 5 pens for consistent access.

We will fill syringes or pen needles, alcohol swabs, and testing supplies (meter, test strips, and lancets) at no cost for all pharmacy patients on diabetic medication. No prescription is required.

For any questions or to inquire about currently donated insulin options, contact Sarah Jones at 614-227-0301 or at sarahj.charitablepharmacy@gmail.com
